

# Payment Options

It is our goal to provide you with the highest quality dental care while making your visit as comfortable as possible. To make sure that happens we know that we must make paying for your dental care comfortable too. To the end we have increased the payment options available to you. We invite you to review all the choices.

For both offices:

**The payment choices available for routine care totaling less than \$500.00 include:**

1. To pay in full at the time of service. This may be made by cash, check or credit card. We accept Visa, MasterCard, American Express and Discover.
  - If you have dental insurance, we will submit your claim to the insurance company and you will be reimbursed according to your plan design.
2. Arrangements when not paying at the time of service. You can enroll in a line of credit administered through Care Credit. If you are approved, you will have 6 months to pay off the balance with no interest charges. We will be glad to provide you with written details as well as personally review your choice with you. In short, this option states that you are agreeing to make minimum monthly payments and will have the full amount paid within 6 months.

In cases where more extensive treatment is needed, and the treatment plan is over \$500.00.

  - If you have dental insurance, we will submit your claim to the insurance company and you will be reimbursed according to your plan design.
2. Arrangements when not paying at the time of service. We will help you arrange a 12-month, no interest charges plan through Care Credit. No discount applies.
